## VILLA'S MEN STAGGER IN FROM PEDRO

Given Severe Defeat by Fed-  
erals — Washington Wor-  
ried by News of New At-  
tack on Torreon Yesterday

Matters at Tampico Grow  
Worse — Hurry Call for  
Ammunition — Oil Tanks  
Burned — Town in Smoke

EL PASO, April 9.—News of an im-  
portant rebel defeat at San Pedro, 40  
miles northeast of Torreon, is brought  
by newspapermen who were not al-  
lowed to send this news from rebel  
camp. Before the correspondents  
left Torreon, the defeated rebel col-  
umn with many wounded, had stag-  
gered back.

It is also understood at Torreon that  
General Velasco has succeeded in  
pinning Federal General Garza Hidal-  
go at Saltillo, who with several thou-  
sand men had started to reinforce Ve-  
lasco at Torreon, but delayed to com-  
bine forces at Saltillo to the number  
of about 12,000 men.

Villa sent only the brigade under  
General Ortega against San Pedro.  
The defeated column returned Tues-  
day, badly punished. The Federal rap-  
id fire guns swept the level plains,  
working great havoc.

Reports of oppressive treatment in-  
flicted by Villa on H. S. Cunard  
Cummins, acting British Vice Consul  
at Torreon, were also brought by the  
newspaper correspondents from the  
front. They say that while sending  
news from the front is not prohibited,  
it is so censored as to be practically  
worthless. They say Villa compelled  
Cummins to run the risk of carrying  
a demand for the surrender of Velasco  
the trip being made under protest and  
during which Cummins was fired upon.

WASHINGTON ALSO HEARS  
WASHINGTON, April 9.—Officials  
are gravely anxious for the safety of  
foreign property in the Tampico dis-  
trict, where German warehouses have  
been burned, and the Waters-Pierce  
Oil Refinery is in imminent danger.

Meager reports from the border say  
that 1500 men have renewed fighting  
east of Torreon. These leave the war  
department in more doubt than ever  
as to the probable outcome of Villa's  
occupancy of that city.

REPORTS FROM TAMPICO.  
Vera Cruz Heats of Heavy Fighting—  
American Women Safe on Board  
Ships.

VERA CRUZ, April 9.—The Ameri-  
can consulate has received word from  
the consular agent at Tuxpan that  
grave rumors are current that Tam-  
pico has fallen. Late reports, how-  
ever, say that the Federal gunboats  
are successfully defending the town,  
but doing much damage to property  
owing to their poor marksmanship.  
Many shells from the Mexican war-  
ships have fallen near the American  
war vessels in the river. The ware-  
house of the Aguila Oil Company was  
destroyed in the fighting at Tampico,  
according to a wireless message. Tam-  
pico itself is reported to be enveloped  
in smoke from burning oil tanks.

General Mass, commandant at Vera  
Cruz, has received urgent calls from  
the Bravo for ammunition. Rear Ad-  
miral Mayo, in a report filed at 10  
this morning, said the fighting con-  
tinued but the advance of the rebels  
had been checked by strong fire from  
the Zarazosa and Vera Cruz.

Sixty American women are on board  
the United States warships. The Ger-  
man cruiser Dresden has gone further  
up the river to rescue others. The  
battleship Utah left for Tampico at  
six this evening. Norman Lind, son  
of John Lind, is aboard.

The gunboat Bravo is being made  
ready tonight to sail from here to  
Tampico with 300 troops and am-  
munition.

The Waters-Pierce Refinery, the  
Navy department learned, has been oc-  
cupied by the attacking forces the past  
few days. As a result, shell after shell  
was poured into it from the Federal  
gunboats.

The Federals are reported as being  
so hard pressed that all the chief of-  
ficials throughout the country have  
been ordered to force enlistments to  
the utmost.

## BANDITS ROB ROCK ISLAND EXPRESS CAR.

LITTLE ROCK, Ark., April 9.—  
Masked bandits entered an ex-  
press car on a Rock Island local  
train from Hot Springs, at Hask-  
ell, bound the messenger, put him  
in a trunk, robbed the car and  
escaped.  
It is estimated that the two  
robbers obtained between \$2000  
and \$3,000 from the car.  
Attracted by muffled cries,  
employees found the messenger in  
the locked trunk when the train  
reached here. The car safe had  
been jolted.

## MAYO SAYS COOKING

That and Too Much Meat Is Part  
Cause of Cancer.

NEW YORK, April 9.—The preva-  
lence of cancer is perhaps traceable  
to present methods of cooking, ac-  
cording to Dr. William J. Mayo, in  
the American Surgical Association's  
annual convention. The amount of  
meat consumed undoubtedly has  
something to do with it.

During discussion of the advisa-  
bility of operating for appendicitis,  
Dr. James F. Moore of Minneapolis,  
said he felt that removal of the ap-  
pendix was "interference with the  
designs of the Lord."

Dr. Mayo, who is from Rochester,  
Minn., explained that cancer of the  
stomach formed a third of all cancer  
cases among civilized peoples. "Is  
there some fundamental fault in  
cooking?" he asked. Among the  
lower animals cancer of the stomach  
does not form nearly such a large  
proportion of the total number of  
cases.

## TEXAS PHYSICIAN SLAYS MAN; SAYS MAN BROKE HOME

DR. E. L. WIGGINS, WELL KNOWN  
MAN OF SHELBY COUNTY,  
TEXAS, THE PRINCIPAL.

PHOENIX, April 9.—(Special.)—Dr.  
E. L. Wiggins, a resident and native  
of Shelby county, Texas, came all the  
way from his home to kill Tap Booth,  
whom he alleges broke up his home in  
the former state of his residence. He  
carried out his vengeance yesterday  
morning when he shot Booth twice.  
The tragedy occurred at a  
sugar planting camp near Tempe at  
5 o'clock in the morning.

Immediately after the shooting Dr.  
Wiggins, who is a practicing physi-  
cian, got back into the buggy he had  
hired from a Phoenix stable, came to  
Phoenix, placed the outfit back in the  
stable and went to the Sheriff's office  
where he gave himself up to the coun-  
ty officials.

Wiggins in a statement to the of-  
ficers yesterday declared that Booth  
was the cause of breaking up his  
home, and that he had come out to  
Phoenix to see him.  
"Tap Booth was once my friend.  
He deceived and ruined my little girl  
wife and broke up my home," said  
Dr. Wiggins, in answer to a request  
for a statement.

The slayer is the son of a well  
known family in Shelby county, Tex-  
as, and enjoys the friendship of a  
large number of people there. He was  
very popular and had an excellent  
reputation.  
There was one eye witness to the  
shooting, a man by the name of Al-  
fred J. Burke. When Wiggins returned  
to Phoenix he entered a local saloon  
and told the bartender about the af-  
fair asking him what he should do.  
He was advised to go to the sheriff's  
office and give himself up.

Reese M. Ling was engaged by Dr.  
Wiggins to conduct his defense.

## JEKYLL-HYDE TO PEN.

NEW YORK, April 9.—Edward Men-  
del, a modern Jekyll-Hyde, a respect-  
able iron and steel merchant of Newark,  
N. J. by day and a thug in New York  
by night, was sentenced to 18 years  
in Sing Sing. Mendel lured Mrs.  
Pauline Koetzel to a freight yard and  
there tore diamonds from her ears.

Mendel was a member of many  
fraternal orders and clubs in Newark.  
Many letters from them to the judge  
insisted there was some mistake. In  
court three other women identified  
him as the man who also tore their  
ear rings off.

## LOVETT QUILTS B. & O.

NEW YORK, April 9.—Robert S.  
Lovett, chairman of the Union Pa-  
cific, has resigned as a director of  
the B. & O. railroad. Averill Harri-  
man, son of the late E. H. Harri-  
man, succeeds him. Lovett's asso-  
ciates believe his interest in Erie,  
which is a competing line, is partly  
responsible.

## NEW RECORDS MADE BY COLD IN THE SOUTH

Wave Now Prevalent in the  
Atlantic and Gulf Coast  
States Is Worst in History  
for This Time of the Year

Oklahoma, Missouri and  
Southwestern States Also  
Feeling icy Blasts — Large  
Damage to Early Fruits

WASHINGTON, April 9.—Winter's  
belated touch is enveloping the entire  
east and has set new official records.  
In New Orleans straw hats have  
been displaced with overcoats. All  
throughout the Atlantic and Gulf  
states, heavy damage has been sus-  
tained by fruits and early crops, it is  
feared.

A thirty degree drop in a few hours  
was recorded in Mobile. Snow flurries  
are recorded as far south as Green-  
ville, S. C. Fruit trees in blossom in  
the Norfolk tidewater section were  
caught in a nipping frost. April snow  
in Richmond is a new record.

## IN THE SOUTHWEST.

KANSAS CITY, April 9.—Freezing  
temperatures are reported from many  
parts of the southwest. At Springfield,  
Mo., in the Ozark fruit belt, the ther-  
mometer registered 24. The lowest  
temperature in Kansas is 20 degrees at  
Dodge City. Oklahoma City tempera-  
ture is 24. Abilene, Tex., 26.

## CLOSE UP RACE MEETING.

NORFOLK, April 9.—Warned by  
Governor Stuart that the militia  
could be used if necessary to sup-  
press violations of the Virginia anti-  
betting laws, the Jamestown Jockey  
club abandoned its spring race meet-  
ing. Sensational raids, fines and pris-  
on terms imposed on bookmakers  
marked the few stormy days of the  
meet.

## MINERS IMPATIENT.

PEORIA, Ill., April 9.—The Illinois  
division of the United Mine Workers  
and the coal operators continue in  
session behind closed doors. Miners  
of the Peoria district, dissatisfied at  
the delay, have issued call for a meet-  
ing Tuesday to take a referendum  
vote on the internal policy commit-  
tee for settlement of the wage scale.

## TAILORS RETURN TO WORK

PHILADELPHIA, April 9.—More  
than 30 firms agreed to the demands  
of striking tailors and pressors. About  
800 returned to work. The strike will  
probably end tomorrow. The employ-  
ers virtually agreed to a 10 per cent  
increase and nine hour working day.

## CUMMINS SAYS G. O. P. WILL GET TOGETHER IN 1916

DECLARES CAMPAIGN WILL BE  
MADE ON PROGRESSIVE  
PARTY PLATFORM

CHICAGO, April 9.—Senator Al-  
bert B. Cummins, of Iowa, criticized  
the democratic administration and  
defined his own stand on the tolls re-  
peal bill tonight. He pronounced the  
republican party the true progressives  
and blamed the republican national  
committee for the democratic victory  
of 1912.

He was the chief speaker at the  
Appomattox Day celebration of the  
Hamilton club. Democratic defeat in  
the next national election, Cummins  
predicted, will be effected by republi-  
cans and progressives, united as  
republicans and embracing a platform  
of progressive doctrines.

In dealing with the record of the  
democratic administration, Cummins  
asserted that it was not necessary to  
speak of congress. "The president  
has for the time being obliterated  
that ancient and once powerful de-  
partment of the government," he  
said. "When, therefore, I speak of  
the democratic administration, I mean  
Woodrow Wilson. The overthrow of  
representative government does not  
seem to have excited general alarm,  
but the day is coming when the coun-  
try will understand better than it  
does not how vital it is to preserve  
independence of executive authority."

## PARTY LINES DISAPPEAR IN SENATE FIGHT OVER CANAL TOLLS; ROOT AND LODGE AID WILSON; SOME DEMOCRATS OPPOSE HIM

Western Democratic senators who oppose Wilson on canal tolls. Left to right: Pittman of Nevada, Thomas of Colorado, Ashurst of Arizona and Walsh of Montana.

Party lines are disappearing in the senate fight on canal tolls. Among the leading Republicans who are supporting the president are Lodge of Massachusetts, Root of New York and Burton of Ohio. The leading figure in the fight on the president is a Democrat—O'Gorman of New York. Many western Democrats are lined up against the repeal of the free tolls clause, among them being Walsh of Montana, Ashurst of Arizona, Thomas of Colorado and Pittman of Nevada.

## LODGE DEFENDS THE ATTITUDE OF WILSON ON TOLLS

MIGHT LEGALLY EXEMPT OWN  
VESSELS, BUT IT WOULD  
BE A LOSING GAME

WASHINGTON, April 9.—"To  
thwart the purpose, or discredit the  
policies of the head of a political party,  
is legitimate political warfare. To dis-  
credit or break down a party in the  
United States upon a question of  
foreign policy is quite another thing,  
not to be undertaken except for the  
very gravest reason," declared Sen-  
ator Lodge, veteran republican mem-  
ber of the foreign relations commit-  
tee, before the senate.

Lodge defended the position of the  
president in insisting on the repeal of  
Panama tolls exemption. He asserted  
the right of the United States to ex-  
empt any of its shipping from tolls  
was unquestioned, under strict inter-  
pretation of the treaty, but because  
of the delicate position of this coun-  
try in its foreign relations, he urged  
non-partisan support of the president.

The senate canal committee began  
its 15 days open hearings on the  
tolls question this afternoon.  
"In the one case we overthrow a  
party leader within that arena where  
the American people alone sit in  
judgment," said Lodge. "In the  
other we break down and discredit  
the representative of the whole  
country in the great forum of the na-  
tions of the earth, paralyzing his fu-  
ture power and usefulness in that  
field, where he alone can declare and  
represent the policy, honor and dig-  
nity of the United States."

## WILSON TO WHITE SULPHUR

WASHINGTON, April 9.—The pre-  
sident left for White Sulphur Springs  
for a three days' trip, the object of  
which is to benefit the health of  
Mrs. Wilson. Others in the party  
were Misses Margaret and Eleanor  
Wilson, Mr. and Mrs. Francis Bowes  
Wythe, Secretary Tumulty and Dr.  
Carl T. Grayson. The president returns  
Monday but his wife will probably  
make an extended visit.

## POSTOFFICE EXPENSES CUT

WASHINGTON, April 9.—Econom-  
ies effected by the fourth assistant  
postmaster general, Blakeslee, during  
the first year of his administration  
have netted the government savings  
of a million dollars, according to fig-  
ures of Postmaster General Burleson.

## BULGARIA'S QUEEN COMING.

NEW YORK, April 9.—William Cas-  
par, personal representative of  
Queen Eleonora of Bulgaria, has ar-  
rived to make final arrangements for  
the visit of the queen to the United  
States. She will arrive late in May  
and visit all the larger cities as far  
west as Chicago, remaining here  
about five weeks.

## PERSECUTION OF JEWS IS ALLEGED BEGUN IN SONORA, IN RETALIATION TO CHARGES MADE AGAINST SORIANO

FIRST ARREST MADE — MAN HELD INCOMMUNICADO IN AGUA  
PRIETA — ANOTHER SENSATION CONTAINED IN ARREST  
OF REBEL MINE MANAGER. — SAID STOLE \$50,000

DOUGLAS, April 9.—(Special.)—Ar-  
rest tonight of Abe Milowsky, a Jew-  
ish resident of Agua Prieta, by rebel  
officials in that town, is held to mark  
the beginning of threatened proceed-  
ing against all Jews in Sonora, in re-  
taliation against the activities of Jews  
in this city who have expressed in-  
tention of prosecution of libel actions  
against C. G. Soriano, customs col-  
lector at the port of Agua Prieta.

Milowsky is tonight held incommu-  
nicado in Agua Prieta. He is a brother-  
in-law of Isadore Hitzky, a Jewish  
merchant in this city. Milowsky is  
said to be formally charged with the  
passing of counterfeit money.

During this week Jews of the city  
had complaint drawn up against Sor-  
iano, charging libel, on the ground of  
recent assertions in a proclamation  
which Soriano issued charging Jewish  
business men on this side of the line  
with responsibility for the circulation  
of counterfeit money in Sonora. The  
complaint was taken before one jus-  
tice of the peace who refused to re-  
ceive it on the grounds of deficient  
cause for action. It was then taken  
before another justice, who has it  
under advisement. It is said that  
news of the action of the Jews reached  
Soriano and that the arrest of Milow-  
sky is the immediate result. Soriano  
owns property in this city and if  
caught on this side of the line could be  
effectively served with papers. Since  
the proclamation he issued, he has  
been remaining on the Sonora side.

Another sensational development in  
Agua Prieta is contained in the news  
given out by rebel authorities today  
that Evacuo Villareal, manager of the  
rebel forces engaged in the operation  
of the Cinco de Mayo mine, near El  
Tigre, was placed under arrest a week  
ago and has since been held incommu-  
nicado, charged with the circulation  
of counterfeit money and with  
thefts of ore from the mine. It is  
said that these thefts, in the conduct  
of which he is alleged to have had ac-  
complices on this side of the line,  
have netted the operators upwards of  
\$50,000 in the last several months,  
which money has been placed to the  
credit of Villareal in a bank in this  
city.

It is alleged by the rebel authori-  
ties that on the last pay day at the  
mine Villareal disbursed counterfeit  
money, which it has been found that  
he secured in this city in exchange for  
the legitimate state money with which  
he had been entrusted for pay roll  
purposes. His profit on the transac-  
tion is said to have been considerable.  
Investigation of this offense led  
to investigation of discrepancies which  
had been noted in the weight given  
bars of ore from the customs office

## DEPORTATION LIST CARRIES NAMES OF 100

Such Is Report Received From  
Cananea; Movement Ex-  
pected Today; One Ameri-  
can Merchant in Number

Deal for Exportation of Cat-  
tle Under Reduced Rate Is  
Reported Made; Will Al-  
low Crossing at Naco

It was learned last evening that C.  
E. Wiswall, representing the Cananea  
Cattle Co. and other Sonora cattle  
growers, had closed agreement with  
the Sonora authorities under which  
the exportation of cattle will resume  
after a shut down of about 2 months,  
or since the placing of export tax by  
Sonora on cattle at the rate of \$10  
per head, gold.

The agreement as closed yesterday  
followed the outline printed yesterday  
in the Review, in which \$50,000 was  
stated as the deposit that would be  
required of the exporters and under  
which they are allowed to ship up to  
10,000 head of cattle under export tax  
of \$5 per head. It was understood  
last night that shipments would begin  
immediately and that within the next  
few weeks there would be thousands  
of head of cattle brought out. The  
first shipment will probably cross the  
line today at Naco from the Cananea  
Cattle Co., which has several hundred  
head which it is deemed desirable to  
move at once to more abundant feed  
range.

Other news from Cananea last night  
was of illegal gambling character, it  
being stated in one message that it  
was said that there were over one  
hundred names on a list that had been  
prepared of persons who were to be  
deported from the city. The name  
of one prominent American merchant,  
who has been engaged in business in-  
dividually in Cananea for some years,  
is said to be in the list. Nearly all  
the remainder of the names are said  
to be those of Mexican citizens. Par-  
tially to this side extracted, with  
the aid of accomplices, rich ones  
placed in the ends. These high grade  
ones are said to have been concealed  
until a car accumulated, when they  
were loaded and shipped to El Paso  
smelter on the personal account of  
Villareal.

The Cinco de Mayo is one of the  
rich gold and silver producers of the  
state. It was seized last fall from its  
owner, Col. Francisco H. Garcia, Hu-  
erta military governor of Sonora. Fol-  
lowing the seizure, the rebels com-  
menced its operations on state ac-  
count, with Villareal in charge.

NEWPORT NEWS, April 9. Bring-  
ing the body of the captain and  
eleven survivors of the crew of the  
Norwegian bark Orellan, which she  
rammed off Barnegat, N. J., last  
night, the American steamer Peter  
H. Crowell arrived from Boston.  
Two men went down with the  
Orellan. The captain was dead when  
taken from the water.

of Massachusetts, died of paralysis,  
suffered on Tuesday. He was 65  
years old.

NEW HAZLETON, B. C., April 9.  
—A wounded Russian was arrested  
on suspicion of being a member of  
a gang that held up the Union Bank  
on Tuesday. The prisoner said there  
were ten in the gang that overtook  
him as he was walking along the  
railroad track and forced him to ac-  
company them. He was shot in the  
leg during the chase.

## ALLEGED GRAFTERS.

FREDERICKSTON, N. B., April 9.  
—The New Brunswick Legislature  
has begun consideration of the  
charges against Premier J. K. Flem-  
ming and other government mem-  
bers, accused of extorting hundreds  
of thousands from lessees of timber  
lands.
